SUBJECT: Additional Photographs and Changes to Photo Log Sheets in SSI
Report of Mogul Corp./FOH0675SA

Photographs of the sample locations for residential well samples RW4 and RW5 were recently discovered in FIT files. These photographs have been added to Appendix C in the SSI report for the Mogul Corp. site.

In making these additions, the total number of pages in Appendix C increased from 10 to 12, and this change should be noted. Additionally, it was discovered that the PAN number on the photo log sheets was listed as FIN0614SA. This is wrong and has been corrected to FOH0675SA.

Copies of this memo, as well as all 12 revised and corrected log sheets were sent to U.S. EPA, Ohio EPA Central Office and Northeast District Office, Ecology and Environment, Inc., Arlington, VA office, and Mogul Corp.
